THE ARIZONA REPUBLICAN CO.

Feb. 1, 1892.

REPUBLICAN TERRITORIAL CONVENTION.

ROOMS OF THE TERRITORIAL CONVENTION.

REPUBLICAN CENTRAL COMMITTEE.

Prescott, Ariz., Feb. 26, 1892.

A convention of the Republican party of Arizona will be held at the city of Phoenix, on Thursday, the 27th day of April, 1892, for the purpose of selecting two delegates and two alternates to the National Republican convention, to be held at Minneapolis on the 7th day of June, 1892.

The basis of representation will be one delegate from each county, and one delegate for each city, town or village, and one delegate for each precinct, to be selected by the voters of the respective territory, to be held at the city of Phoenix, on Thursday, the 27th day of April, 1892, for the purpose of selecting two delegates and two alternates to the National Republican convention, to be held at Minneapolis on the 7th day of June, 1892.

The representation of the several counties will, therefore, be as follows:

Apache county, 3
 Coconino, 3
 Graham, 3
 Gila, 3
 Maricopa, 3
 Mohave, 3
 Pima, 3
 Pinal, 3
 Yavapai, 3
 Yuma, 3

Total number of delegates, 24.

The election of delegates from cities and territories, to sit in the National convention of the Republican party, will be held at the city of Phoenix, on Thursday, the 27th day of April, 1892, for the purpose of selecting two delegates and two alternates to the National Republican convention, to be held at Minneapolis on the 7th day of June, 1892.

The chairman of the Territorial Republican central committee desires full attendance at the Territorial convention, and requests that all proxies to the convention be held by members of the convention from the same county they have been selected to represent.

W. C. HARRISON, Chairman Territorial Republican Central Committee.

By Geo. E. Brown, Secretary.

EXCLUDING THE CHINESE.

The bill passed by the senate a few days ago extending for ten years the operations of the Chinese exclusion laws has a wider scope than is indicated by its title, for in addition to its re-enacting the present exclusion laws, which are about to lapse, it contains a section intended to meet the difficulty the treasury officials have encountered in returning Chinese to China through judicial decisions adverse to their right to return further than the country from which they entered the United States. Under this construction of the law the treasury returned a number of Chinese to Canada instead of to China, and they were soon again smuggled across the line, which it was impossible to guard at all times and places. Another new section provides several penalties for the return to the United States of Chinese once sent out of the country. The bill will doubtless become a law and be enforced as rigidly as possible, and the only new accessions of Chinese cheap laborers will be those who manage to leak through the long and imperfectly guarded Dominion line. Meanwhile some of those already here are returning to China, others die, and it follows that if the existing law be rigidly enforced for ten years longer, the Chinese contingent in this country will be a very small factor in the labor problem of the United States.

Not so the other immigrants of the country. The yearly arrivals, good, bad and indifferent, amount to nearly twice the Chinese resident population, and at the present rate will add from four to five millions to the population of the country, the adult male portion of which will be enrolled in the great army of wage-workers. Such a large increase will more or less affect the wages of labor, and if Congress wants to do something to prevent ruinous competition in the American labor market it will need to do its restrictive work in the line of European and not Chinese immigration. The laborers of this country will do well to bear in mind that it is not competition with pauper labor abroad, but the importation of this pauper labor, that threatens him.

The joint committee on immigration has just begun an inquiry into this feature of the question, which, if prosecuted with an honest purpose to get at the facts and remedy the evils threatened by the present flood of immigrants, many of whom are of undesirable character, should prove very beneficial. The Chinese immigration question is not a question any more, but the general immigration problem is a very perplexing one.

THE WILD EAST.

"Wild and woolly" is a term no longer exclusively applicable to the west, as recent events in the east have demonstrated.

The San Diego San calls attention to the fact that the supremacy of the east in the matter of daring train robbers has been cheerfully acknowledged by the west ever since the hold-ups in Central New York a year and more ago. But the occurrence merely confirms the view that, as respects the banditti of

the rail, New York is ahead of Texas, Arizona and Nevada. Certainly no such picturesque Dick Turpinism ever took place in this part of the country as that which occurred recently on the New York Central. A young man with gold eye-glasses who robs a specie train and shoots a messenger and escapes on an engine, making a running fight as he travels, who holds off crowds at the point of a revolver and is only caught in a chase across the fields by reason of his inability to get through a swamp—and all this in the midst of the most thickly populated state in the union, could give the Dalton boys and Black Bart valuable hints about getting on in the world.

The frequency of train robbing in New York state should be noted by the peaceful citizens of Arizona who have occasion to travel through that dangerous country, and extra precautions ought to be taken. We do not advise our people, who are mostly unaccustomed to the use of firearms, to go prepared to fight the armed marauders who infest the Knickerbocker plains, the ranges of the Genesee, the Catskill divide, the Hudson gulch and the canyons of the Mohawk, but it is our plea that they leave their ready cash at home and merely take a letter of credit concealed under a porous plaster stuck between the shoulder blades. There is no use in showing fight when traversing such a region as New York. The one thing to do is to trust to luck and an empty pocketbook.

Meanwhile Arizona will thank fortune that it is enjoying the blessings of good order and civilization.

DOES GEORGE CHRIST GET A LEAVE OF ABSENCE EVERY TIME HE MAKES A TRIP OVER THE TERRITORY BOOMING HIMSELF FOR NATIONAL DELEGATE? IF SO, THE SECRETARY OF THE TREASURY MIGHT AS WELL DECLARE THE NOGALES COLLECTORSHIP VACANT; AND IF NOT IT IS HIGH TIME THAT MR. CHRIST DEVOTED A SMALL PORTION OF HIS TIME TO THE PERFORMANCE OF THE WORK FOR WHICH HE IS BEING PAID.

THE CHOCOLATE BILL IN CONGRESS WILL INCREASE THE TAX ON CHOCOLATE FROM ONE MILL TO ONE CENT EACH. IN THE CASE OF THOSE NOW SOLD AT 10 CENTS A BOX, THE TAX WILL CURTAIL THE PROFITS OF THE BOYS WHO ARE NOT FLASH WITH CHANGE, AS IT IS CONCEALED THAT THE MATERIAL CANNOT BE MATCH POORER.

THERE SHOULD BE NO TRAITS ON GUARD AND ONLY TRUE BLUE REPUBLICANS SHOULD BE SENT TO THE NATIONAL CONVENTION, AND IF ANY MAN WANTS TO GO BECAUSE HE HAS AN AXE TO GRIND HE SHOULD BE PROMPTLY NOTIFIED BY THE TERRITORIAL CONVENTION THAT HIS SERVICES WILL NOT BE REQUIRED.

A. G. HUBBARD OF THE HARQUA HALL MINES, WHO BROUGHT IN THE BAR OF BULLION WORTH \$81,000, HAS RETURNED. MR. HUBBARD SAYS THAT THE OUTPUT OF HIS MINE SINCE JULY AMOUNTED TO \$300,000, AND THAT THE YEARLY OUTPUT WILL REACH NEARLY \$1,000,000.

THE SALT RIVER VALLEY IS CERTAINLY BLOSSOMING LIKE A ROSE. ALFALFA IS WAITING HIGH, FRUIT TREES AND FLOWERS IN BLOOM, AND EVERYBODY HAPPY. THINK OF THIS, PEOPLE IN THE NORTH, WHERE THE SNOW YET REVERSERS THE GROUND.

ALL THE ICE IS GONE.

GORGES IN THE ALLEGHENY BREAK UP, TO THE RELIEF OF DWELLERS IN THE VALLEYS.

PARKER, PENN., Feb. 26.—The great ice gorge which has caused feelings of apprehension along the Allegheny river from East Brady to Emletton, a distance of twenty-nine miles, for nearly a week broke up at 2 o'clock this morning, and by daylight all the ice had passed out. The water rose rapidly, inundating the upper end of Parker, and several houses on the banks were washed away, but the occupants had deserted them before the flood came. Beyond this no damage was done.

A dispatch from Brady's Bend reports that the gorge at that place broke at 11:35 o'clock, and all the ice in the Allegheny river is now moving.

This afternoon at 1 o'clock the ponderous gorge broke in the Clarion river and soon passed out. All fear is now at an end, and there is general rejoicing in the Allegheny valley.

SHOT BY A WOMAN.

A Case Which Excites a Quiet Indiana Town.

NORLEIGHVILLE, IND., Feb. 26.—The usually quiet town of Westfield, six miles west of this city, is much excited over a rather mysterious shooting affray that occurred Thursday night. Julia Sykes shot and it is thought fatally wounded John Danforth.

Danforth is a man of family and the woman claims he was rattling at the door, and when she ordered him away he refused to go and she fired, with the result above stated. Danforth claims that he was passing and the shooting was unprovoked. The woman was arrested today on the charge of shooting with the intent to murder. She was taken before Esquire Richards and was held to bail in the sum of \$2,000. She is still in the custody of the officers searching for bail.

Slept Four Weeks and Died.

RACINE, WIS., Feb. 26.—Early this morning George Raue, a farmer forty years of age, died at his home in the town of Caledonia. He was single and had resided in the town all his life. Four weeks ago he complained of being terribly sleepy and went to bed. His sleep lasted for forty-eight hours. All efforts to awaken him having failed, he opened his eyes at the expiration of that time, but immediately fell asleep again, and during the four weeks before his death he was never awake over ten minutes at a time. In his wretched moments he would take nourishment.

A Marshal Killed by a Boy.

LITTLE ROCK, ARK., Feb. 26.—Information reached here tonight of the killing today at Muldrow of Deputy United States Marshal Pemberton by a boy named Ed Bailey. The officer had in custody a friend of Bailey's, who was arrested for a misdemeanor, and while en route to the jail was fired upon by Bailey. A load of buckshot entered his body and he died shortly afterwards.

Shot by a Girl.

JOPLIN, MO., Feb. 26.—By the accidental discharge of a revolver in the hands of Jessie May, a 13-year-old girl, Samuel Hall, a miner, was seriously and perhaps fatally wounded at Webb City this afternoon. He was in his boarding

house across the street from the place where the revolver was discharged, and the ball passed through the side of the house before striking him. Hall's relatives live in Illinois.

PHILLIPS COUNTY FARMERS.

Well Pleased With the Outlook for the Year.

HOLYOKE, COLO., Feb. 26.—The early spring thaw, the abundance of water and the pleasant weather of the past few days has spread a broad grin over the countenance of the average Phillips county farmer.

The prospects for a bountiful crop the coming season could not be more promising than at the present time. The soil is saturated with water to a depth of from three to four feet, assuring a good crop with but little rainfall the coming season.

Last week grain was brought into market at this place on sleds, while at this time it is almost impossible to move the grain on account of the condition of the roads resulting from the thaw.

Eloped on a Freight Train.

MASCOUTAH, ILL., Feb. 26.—The elopement of Nevie Beatty and Sophie Horst still causes much comment here. Nothing has been heard of the couple since they left on the freight train last Thursday.

As far as the relatives have been able to learn, the couple were married in Belleville or St. Louis, and the supposition is that they traveled to Chicago or Kansas City to be married.

Franklin College Grators.

COLUMBUS, IND., Feb. 26.—The primary oratorical contest of Franklin college was held last night in the Baptist church, and the first honors were awarded to Ella Brannigan, second to J. M. Berryhill, and third to Alva Neal.

There were giants in those days.

WHITING, W. VA., Feb. 26.—While digging a grave on Trace Fork, Lincoln county, a few days ago, the bones of a human being of gigantic stature and proportions were exhumed. The skeleton is in a good state of preservation and the outlines of the frame sufficient to define to determine that the stature of the person must have been nine or ten feet. The skull and other bones also indicate prodigious size. No one now living has any knowledge of the grave or its occupant, and all indications point to its belonging to some prehistoric race of giants contemporary with mastodons, fossil remains of which have been found in many parts of the country.

"August Flower"

What is This? It is the query perpetually on your little boy's lips. And he is no worse than the bigger, older, balder-headed boys. Life is an interrogation point. "What is it?" we continually cry from the cradle to the grave. So with this little introductory sermon we turn and ask: "What is AUGUST FLOWER?" As easily answered as asked: It is for Dyspepsia. It is a special remedy for the Stomach and Liver. Nothing more than this; but this trifling. We believe August Flower cures Dyspepsia. We know it will. We have reasons for knowing it. Twenty years ago it started in a small country town. To-day it has an honored place in every city and country store, possesses one of the largest manufacturing plants in the country and sells everywhere. Why is this? The reason is as simple as a child's thought. It is honest, does one thing, and does it right along—it cures Dyspepsia.
